#### MINIMUM LOAN PRICE 12 CENTS ON COTTON.

Henry N. Pope, president of the Farmer's Union President's Association, has submitted to all southern members of Congress the suggestion that Congress fix or empower the federal reserve board to fix a minimum loan price of 12 cents per pound on cotton for all crops. A large majority of the replies from Senators and Representatives favor the plan, and Mr. Pope stated that he would call a special meeting of his association in New Orleans at an early date to give it final consideration and work out the details.

President Pope states that there should be a careful distinction between the loan minimum and the selling minimum of cotton. "The loan minimum should be protected by the government," he said, "and cotton would, of course, never be sold below that point. The selling minimum is one that the union advises its members to sell, and may vary from crop to crop or from time to time. With a protection loan minimum of 12 cents the selling minimum of 20 cents can be easily obtained. The government would never be called upon to put up one cent under this plan, for when a farmer knows he can borrow 12 cents per pound on cotton he will never sell unless he can get a much higher price. Neither could the consumer be penalized for the fluctuations in the price of cotton, has little effect upon the price of the finished product to the consumer. We expect to mature our plans at our meeting at New Orleans, and it is likely we will seek the counsel and approval of the federal reserve board before presenting our plans to Congress."

#### USES FOR MARSHMALLOWS.

Marshmallows as a confection dipped in peppermint fondant, are a delightful after-dinner treat. A marshmallow dropped in a cupful of hot cocoa at the children's parties will please them better than whipped cream, and is so easy to do.

A marshmallow placed on salted wafers, the small, round ones, and put into the oven to brown, makes most attractive margarites.

Marshmallows cut in quarters with sharp shears and mixed with pineapple and whipped, sweetened, flavored cream, and served in sherbet glasses, is a dainty dessert.

A most delightful fruit salad may be made with pineapple, strawberries, marshmallows, and two or three tablespoonfuls of a good boiled salad dressing stirred into a cupful of whipped cream. Serve very cold in a pretty glass dish.

Marshmallows cut up and added to the boiled frosting while it is hot is a favorite filling for a cake as well as a good icing.

**Marshmallows.**—Dissolve one package of gelatin in 14 tablespoonfuls of water. Boil together four cupfuls of sugar and 14 tablespoonfuls of water until it forms a thread. Pour the syrup over the gelatin in a deep dish and beat until thick; flavor as desired, and put into a pan of powdered sugar to coat each marshmallow.

**Marshmallow Frosting.**—Melt one cupful of white fondant, add the white of an egg, beaten stiff, and stir over the fire two minutes; remove from the heat and beat for two minutes, or until stiff enough to spread; flavor with any desired flavoring. This is especially good on chocolate cake.

**Marshmallow Paste.**—Put a fourth of a cupful of sugar and the same amount of milk in a saucepan, heat slowly to the boiling point, and boil six minutes. Cut a fourth of a pound of marshmallows in pieces and melt in a double boiler; add two tablespoonfuls of hot water and cook until the mixture is smooth; then add the hot syrup gradually, stirring constantly. Beat until cool enough to spread, then add a half teaspoonful of vanilla. Use either for filling or frosting.

#### BIG DELEGATION COMING THURSDAY, OCT. 19th.

The Kentucky State Fire Prevention Association, or rather about fifty of its members, will be in Hickman, Thursday, Oct. 19th, to spend the day with us and tell us how best to prevent fires. These gentlemen are not connected with the fire insurance companies; merely an organization formed to educate people, by simple methods, how to save thousands of dollars a year by preventing fires. The very nature of their mission recommends the visitors to our courtesy and hospitality, and arrangements should be made to properly entertain them while within the city's gates. They will be here all day. They will inspect our fire hazards and tell us how to remove them. Good speakers are among the delegation, and they hope to address a large gathering of men, women and children. Through courtesy of the Loyal Order of Moose, the public meeting will probably be held at their club rooms.

Mayor Dillon will likely appoint a committee to represent the citizens and extend our visitors a cordial welcome, showing them that true Kentucky hospitality exists in the extreme corner of the State, as well as the Blue Grass.

#### MOTHER LOVE AIDS SON IN TRENCHES.

It Brings Relief to Boy Standing  
His Watch Deep in Mud.

Once upon a time, only a few months after this terrible world war had begun, Private Bailey, a soldier in the ranks had stood for days in the trenches "somewhere in France." The cold rains soaked him to the skin; the mud was deep. He had had no rest. Worn and aching with rheumatic pains, he recalled the faith his mother had in Sloan's Liniment. He asked for it in his next letter home. A large bottle was immediately sent him and a few applications killed the pain, once more he was able to stand the severe exposure. He shared this wonderful muscle-soother with his comrades, and they all agreed it was the greatest "reinforcement" that had ever come to their rescue. At your drug-gist, 25c, 50c and \$1 a bottle.
